**PHOTORAPHER.**

YEP, THAT'S ME.

Where else can you spend a day with people who are not only happy - but DRESSED UP? And laughing? And happy to have a photographer hanging around? I was HOOKED. Not only do I get to be playful and creative - but I get paid to do it! It's truly a Joy, get to be myself: funny. happy. silly and playful. It is so incredible to be able to be a part of these moments. I never get tired of it and I never take it for granted. I'm very very lucky to be able to do this.

Every wedding is different. Every couple celebrating their love keeps me coming back for more. Thank you for considering me to be your wedding photographer! I look forward to hearing all about your day and getting to know you better!

# MY STYLE LOVES YOUR STYLE

Let's face it. I don't blend into the background, I'm a skinny tall boy who likes to take photographs, I like to have fun and be silly, When I am shooting your wedding I am right there with you, Sharing your day. Capturing your moments as they happen. I shoot a combination of photojournalistic and funky. creative silliness and sassy portraits. I love capturing the smiles and tears and love that will happen on your day - you can't recreate that - it happens as your day comes together... and I LOVE being there in those moments - because you won't remember them until you see them in images.

## Be BOLD.

**Tell me the magic keywords, how you want your photos to be.**

However, I also LOVE getting creative with portraits. I scope out cool locations and fun poses - not the typical " hold your flowers and smile" pictures - but cool creative images that are about who you ARE - and we'll create them together. I do also take those standard traditional pictures" - of course I do. Families only get together so often - dressed up and happy - so capturing that is important too. They don't take very long ... so that we have time to do the fun creative stuff. You and your wedding day are unique -- I want to capture images that are about YOU and how cool your wedding is!
